UPDATE: FRISCO POLICE MAKE ARREST IN ANNA MOSES MURDER CASE

FRISCO, TX – On Thursday, February 26, 2015 at 2:21 pm, Frisco Police arrested 63 year old Robert Moses for the murder of his ex-wife, Anna Moses, in early January. The arrest was made with the assistance of the Texas Rangers and the United States Marshals.

Blood DNA evidence analysis linked Robert Moses to the murder, which led investigators to his arrest. On the day of the murder, Anna Moses' 2009 Hyundai Sonata was taken from the crime scene and later recovered with blood evidence in the vehicle.

During an interview with Robert Moses on January 15th, investigators observed what appeared to be a fresh laceration on his right hand above his ring finger knuckle. This laceration resulted in blood soaking through the bandage. Robert Moses submitted to a voluntary DNA sample, which was submitted to the Texas Department of Public Safety Lab. The analysis resulted in a positive match to the blood found in Anna Moses' vehicle.

Robert Moses was transported to the Frisco Police Detention Center on a charge of First Degree Murder, PC19.02.B.2 with a bond of \$1,000,000.00.

The arrest affidavit is available through the Frisco Police Department Record's Division. The PIR can be requested by following the link below and completing the online request.
